Is hosting a live

Orthotic Fabrication Workshop:

Focus on

Static Progressive Orthoses

October 21, 2023

8:00 am – 2:00 pm

Concord Hospital

250 Pleasant St.

Concord, NH 03301

Program includes demonstration and fabrication of:

1. Static Progressive Finger Flexion Orthosis
2. Static Progressive Finger Extension Orthosis
3. Static Progressive Wrist Flexion/ Extension Orthosis
4. Low Profile Radial Nerve Palsy orthosis
5. Assorted Finger orthoses

Learning Objectives- Orthotic Fabrication Course

Upon completion of this course, participants will be able to:

1. Analyze mechanical properties required to fabricate low temperature thermoplastic immobilization and mobilization splints for the upper extremity.
2. Compare and contrast splinting materials, outrigger, and/or coil designs of immobilization and mobilization splints.
3. Identify important anatomical structures and landmarks of the upper extremity.
4. Gain fabrication skills utilizing different splinting materials.

This orthotic fabrication workshop is appropriate for all OT's, COTA's, PT's, PTA's and CHT's working with an upper extremity patient caseload and possessing basic to intermediate splinting skills.

Content Focus: Domain of OT: Areas of Occupation, Performance Skills, Performance Patterns, Client Factors, Context

Occupational Therapy Process: Intervention

Workshop Format: orthotic fabrication demonstration and hands on fabrication of orthoses will guarantee achievement of learning objectives.

A certificate of attendance including 0.6 AOTA CEU's will be issued to all participants completing the CEU requirements. This orthotic fabrication workshop meets Criteria "A" for hand therapy certification and is accepted by NBCOT and most state OT boards.

Instructor

Debby Schwartz, OTD, OTR/L, CHT

Product and Educational Specialist, Physical Rehabilitation

Debby is a hand therapist with over 38 years of experience as a practicing clinician. She has worked at Orfit Industries America to promote product awareness and splinting education. Debby is an active member of ASHT and has participated in many IFSHT meetings as well. She has presented on a variety of hand therapy topics both at national and international conferences and has written a number of articles for hand therapy publications, including the *Journal of Hand Therapy*, the *British Journal of Hand Therapy*, *ADVANCE for OT*, *OT Practice*, and www.exploringhandtherapy.com. She has also written book chapters on hand therapy topics and orthotic fabrication for Occupational Therapy reference books. Debby earned her doctorate from Rocky Mountain University of Health Professions.
